Tempo Worklog Highlighter

Armin Schneider

Oktober 2025

1 Introduction

The Tempo Worklog Highlighter highlights your work-logs depending on billable state (of the SAP account is billable) and billable time.

2 Installation Guide

2.1 Firefox or Chrome

1. Download **ViolentMonkey** browser extension from **https://violentmonkey.github.io/**

2. Click on the extension after installation and **Create a new Script (plus icon)**

3. Copy the code from **script.js** in the "Code" section. (replace all existing code)

4. Save changes and reload Atlassian.net page to see changes

5. **(Optional)** Replace color constants at the start of the script with desired colors
